

(b) *Individuals with disabilities.* (1) For an individual with a disability who has neither a high school diploma nor its equivalent and who is applying for title IV, HEA program funds and seeks to show his or her ability to benefit through the testing procedures in this subpart, an institution must use a test described in § 668.148(a)(2) or § 668.149(a).

(2) The test must reflect the individual's skills and general learned abilities.

(3) The test administrator must ensure that there is documentation to support the determination that the individual is an individual with a disability and requires accommodations—such as extra time or a quiet room—for taking an approved test, or is unable to be evaluated by the use of an approved ATB test.

(4) Documentation of an individual's disability may be satisfied by—

(i) A written determination, including a diagnosis and information about testing accommodations, if such accommodation information is available, by a licensed psychologist or physician; or

(ii) A record of the disability from a local or State educational agency, or other government agency, such as the Social Security Administration or a vocational rehabilitation agency, that identifies the individual's disability. This record may, but is not required to, include a diagnosis and recommended testing accommodations.
